

"WHERE YOUR CHILD ALWAYS COMES FIRST!"

Parents, this is our second edition of our monthly newsletter. We hope that the first edition was very informative. It will continue to be filled with exciting news of what is going on around our school as well as in each classroom. A few important points of information for everyone are:

1. Sunscreen- please put sunscreen on your child before they arrive at school. We, at the school are not authorized to put any type of skin protectant on your child.
2. **Flip Flop sandals are not allowed in school.** The children go outside daily and while running, can fall and get injured with that type of footwear.
3. Dates to remember July 5th we will be closed due to the July 4th holiday.

Past/Current Events

*We had our Kindergarten graduation on June 18th. It was a pleasure to see the ceremony and we would like to wish them well as they move on to the 1st grade.

*Please update your email addresses

Kindergarten Koalas

We are so very proud of our recent Graduates! The day went fantastic and everyone did their part perfect! During the month of July we will be discussing and exploring many subjects that have to do with summer. We will do different units throughout the month such as the Beach, Butterflies, summertime foods, and Family Togetherness during the summer. Some of the children in our class have left and will be going to first grade in September so they are taking the summer off. We are excited that new children will be entering our Kindergarten class and will be ready to learn.

If there are any questions or comments please feel free to let myself or Ms. Jessica know. Hope everyone has a great and positive month!!

Lions Classroom

During the month of July we will be spending most of our time outside. We will be focusing on bugs this month so we will be searching and collecting them on walks around the block and while we are at the neighborhood park.

Because we will be spending so much time outdoors walking and running we do ask that you do bring your child in comfortable shoes.

Thank you, Miss Kelly

Peanuts News

It's officially summer! We are excited about learning new concepts in July. We will learn some basic concepts about Independence Day and our theme this month is the Zoo. We will focus on the animals that live there and as well as the keepers who take care of them. This July we will have pajama day every Friday as well as go on a special picnic. We will let parents know the exact dates and details. Last month we focused on the Farm unit. The children really enjoyed learning about the animals and the different sounds of the farm. They also learned basic concepts such as milk comes from a cow; chickens give us eggs, and also the different animals that live in the red barn.

A couple reminders to parents: please wash your child's hands upon arrival, as well as take them to the potty, clean out the cubbies and take home blankets every Friday afternoon, check out our new folder system and remember diaper fees are due every Friday. We are looking forward to a great summer!!

Bears Classroom

In the month of July we will be continuing to focus on opposites. We will focus on the opposites of short/long, on/off, and back/front. We will also be talking about the meaning of Independence Day and creating projects using colored sand. We will continue using sand, rocks, seashells, and glitter for our projects throughout the month. We will be using the water and sand tables outdoors and taking walks throughout the neighborhood to observe changes within the environment.

Dragons Classroom

Parents, summer is upon us. July will offer many wonderful new experiences for your child. The first week of July we will be finishing up the alphabet X Y Z and our alphabet book. The rest of the month will be dedicated to ocean life. Each day will be filled with fun facts, crafts, water play, and YouTube videos of ocean life.

Ms. Hope

PeeWee's Classroom

Summer is finally here! For the month of July the Pee-Wee's will be extra busy. We will be finishing up our unit on Butterflies and getting ready for our new unit based on the Safari. That means there will be Lions, Tigers, and Monkeys...Oh My! The Pee-Wee's will be doing a lot of art projects over the next month, so parents make some room on your fridge doors!

With this warm weather we will be spending lots of time outdoors in the playground and on walks. If your child would like to bring bubbles to school they are more than welcomed to.

Ms. Claudia & Ms. Irene
