

**"WHERE YOUR CHILD ALWAYS COMES FIRST!"**

Parents, this is the first edition of our monthly newsletter that will be handed out. It is filled with exciting news of what is going on around our school as well as in each classroom. A few important points of information for everyone are:

- Sunscreen- please put sunscreen on your child before they arrive at school. We, at the school are not authorized to put any type of skin protectant on your child.
- Flip Flop sandals are not allowed in school. The children go outside daily and while running, can fall and get injured with that type of footwear.
- Parents, check your child's cubby box to ensure that they have appropriate clothing for the current weather.

### Upcoming Events

Graduation: June 18<sup>th</sup> at 7:00pm

### Kindergarten Koalas

The month of June is very exciting for our class. With the graduation ceremony coming up fast, the children are hard at work making sure they know their songs as well as their saying and dances.

With the weather finally lifting up, daily outside times are much anticipated for our kids! They love to squirt water and play in the sandbox. We will continue to review our sight words, math concepts, safety rules, science fun, and some of the many more skills and lessons we have learned this year.

It will be sad to see many of our kids leaving but exciting to also know that we will be getting new children who will be eager to learn and explore and have lots of fun in our classroom. Summertime here we come!

### Lions Classroom

Hello Parents! In June we are going to be focusing on outside learning and activities. We will be discussing different plants and animals we see this time of year, activities to do outside and the type of weather we have during this season. I look forward to getting outside and exploring with the kids!

Thank you to all the parents who are still encouraging their child to recycle. I will keep the box up as long as it is still being filled. I am also happy to see the kids using the reusable bags that we made together. If you have any questions or concerns please see me between 7-4 or call between 12:30-3.

### Peanuts News

We are pleased to welcome many new peanuts to our classroom bag. They are a great addition and are doing really well jumping into the routine.

In May we practiced letter and name recognition. We also worked on our fine motor skills by practicing cutting with scissors. We watched the metamorphosis of caterpillars into butterflies, shared popsicles, created coffee filter butterflies and dabbled in some yoga.

The class has been working hard on learning the alphabet, numbers 1-20, days of the week, colors and shapes. It's a great idea to keep practicing at home.

I also wanted to remind parents that the lesson plans could be viewed online as well as in our classroom on the Parent Info board.

We would like for each family to bring in a family photo as we are going to create a new project board. Two other reminders are: diaper fees are due every Friday and are subject to a \$2 late fee if not paid on time also we strongly ask that you do not bring your child to school with outside food.

Thank you and we look forward to a great summer!

### Bears Classroom

For the month of June, we will be continuing our study of opposites. We will be touching on up/down, big/little, back/front, and above/below.

We will also be starting our summer projects of SUB theme by using rocks, seashells, and sand. Our class will be using the sand table outside and completing some Fathers Day projects. Summer will be discussed in different ways like what we like to do during this season.

### Dragons Classroom

In June we will continue to review the alphabet. We are in the process of making an alphabet book as a class and will be doing a letter page and project daily. Each week a page will be sent home so that you may practice with your child.

### PeeWee's Classroom

Get your magnifying glasses ready Pee-Wee's! This summer session we are gathering our nets and heading out to explore all that nature has to hold. We had a great year and now its time to have fun! We will start the month of June with Bugs! That means we will be rolling up our sleeves and getting dirty. Parents if you would like to send a hat with your child for protection when we go outside, feel free to do so.

On behalf of the Pee-Wee staff, it has truly been so much fun getting to know everyone. Summer usually mean that we will be saying goodbye to some of our old friends as well as welcoming new children into our class.

Thank you to all the parents that helped with many of the home-school projects and for helping make our lessons all the more fun!
