

**"WHERE YOUR CHILD ALWAYS COMES FIRST!"**

Parents, this is our second edition of our monthly newsletter. We hope that the first edition was very informative. It will continue to be filled with exciting news of what is going on around our school as well as in each classroom. A few important points of information for everyone are:

1. Sunscreen- please put sunscreen on your child before they arrive at school. We, at the school are not authorized to put any type of skin protectant on your child.
2. **Flip Flop sandals are not allowed in school.** The children go outside daily and while running, can fall and get injured with that type of footwear.
3. Dates to remember July 5<sup>th</sup> we will be closed due to the July 4<sup>th</sup> holiday.

#### Past/Current Events

\*We had our Kindergarten graduation on June 27<sup>th</sup>. It was a pleasure to see the ceremony and we would like to wish them well as they move on to the 1<sup>st</sup> grade.

\*Please update your email addresses

#### Important News

In the next couple of week we will be introducing new check-in computers at the front desk. These computers will require the use of your 4 digit code along with a fingerprint scan for any and all pick-up/drop-off per a new statewide rule. In addition, you will be able to check account balances, immunization updates, and any inter-school emails. There will be more information to come regarding the conversion process.

#### Chipmunks Class

Dear Parents, summer is here! We are all very excited and ready for the summer activities. This month we will focus on summer activities such as the beach and camping. Children love to hear about Frogs and Ocean animals too. Children will make lots of art projects, sing and dance, and mostly we will have all our activities outside such as painting, water play, and picnics. We will also be going on a field trip to a park in our neighborhood. If any parents would like to join us for any of these activities or would like to have a reading time session with the children, please let us know as you are very welcomed to do so. Hope everyone enjoys their outside time as well as we will!

#### Ode to July- 4/5 yr old class

Congratulations to all of our recent Grads! We worked very hard on our song and dance and we hoped that everyone enjoyed it! During the month of July we will be spending most of our time outside. We will be focusing on bugs this month so we will be searching and collecting them on walks around the block and while we are at the neighborhood park. Thanks to Malachi's mom Chloe, we will get to watch Caterpillars turn into Butterflies in our classroom and set them free outside. We will learn a lot from this activity! Because we will be spending so much time outdoors walking and running we do ask that you do bring your child in comfortable shoes. Thanks, Miss Kelly, Miss Nicole, Eric, and the Sharks

#### Bumblebees Classroom

This month in the Bumblebee classroom, we will be doing a lot of fun art projects focusing on summer and outdoors. We will be doing most of our projects outside so we will indeed be getting messy! In addition, we will do a lot of children's choice learning where the children will choose books, songs, and activities that will be done daily. First off we will begin by celebrating the 4<sup>th</sup> of July. Why we celebrate and why it is significant will be discussed during this time. Some of the other things that will be included this month into the curriculum will be the Beach, Bugs, Exercising, along with many other fun and exciting things for our Toddlers. I am so very proud of how the children are developing in the Bumblebee classroom; we will continue with our motto of "Ready Willing and Able to Explore"

#### Butterfly Classroom

Summer is officially here and it is HOT!! The children are enjoying summer fun outside like blowing bubbles, going to the park, taking neighborhood walks, and playing with water in spray bottles. For the month of July we will be discussing the 4<sup>th</sup> of July including fireworks. We will also be exploring birds, bugs, sea animals, and picnics. Our class has been making great improvements on the way we are writing our names. We look forward to everything summer has to offer and are ready to have some FUN!!
