

"WHERE YOUR CHILD ALWAYS COMES FIRST!"

Parents, this is the first edition of our monthly newsletter that will be handed out. It is filled with exciting news of what is going on around our school as well as in each classroom. A few important points of information for everyone are:

- Sunscreen- please put sunscreen on your child before they arrive at school. We, at the school are not authorized to put any type of skin protectant on your child.
- Flip Flop sandals are not allowed in school. The children go outside daily and while running, can fall and get injured with that type of footwear.
- Parents, check your child's cubby box to ensure that they have appropriate clothing for the current weather.

Upcoming Events

Graduation: June 27th at 1:30pm

Ode to June- 4/5 yr old class

Howdy All, This upcoming week in class we will focus on mannerisms, civilizations and society. We will give a good deal of attention as to WHY human societies have rules, why things function better that way, and what things might be like without rules or manners.

We will play games that focus on teamwork and cooperation, as well as, explore manners in action. It should be fun!

Chipmunks Classroom

Dear parents, aren't you happy that summer is right around the corner? Our Chipmunks are happy too because we can play outside everyday. We have planned to do so many fun activities and art projects for the month of June.

Fathers Day is in June and we will talk about what fathers and grandfathers do for us. Kids this age love to explore nature and are amazed by bugs and insects. We will discuss how insects are beneficial to nature as well as humans, how some insects are harmful to humans and other important information.

We will also have a Flag theme learning how they look and how each country has their own flag. Parents can be involved in our theme by reading books to their children or bringing in books or movies that relate to our theme of each week. Parental participation is most welcomed.

We are looking forward to the fun things in store for the month of June.

We will give a good deal of attention as to WHY human societies have rules, why things function better that way, and what things might be like without rules or manners. We will play games that focus on teamwork and cooperation, as well as, explore manners in action. It should be fun!

Hello Again, as you know, most of this class will be graduating soon. This will lead to lots of practice for graduation. Singing, dancing, all that good stuff. The class will largely be reviewing things we've previously covered so that everyone is up to speed.

Bumblebees Classroom

Toddlers thrive on our loving environment as they begin to discover and create understanding of their world.

In the Bumblebees' class, we try to keep a positive atmosphere filled with exciting activities.

Our themes/activities for the month of June include: singing/dancing with a variety of rhythmic instruments, participation in a variety of movement activities, creating works of art, and much more.

We will finish the month with a little yoga and we will be learning some sign language.

The motto in our class is "Ready, Willing, and Able to Explore."

Butterfly Classroom

We are excited to be entering a new month! In June we will explore themes like frogs, health, Father's Day, summer and beach. The children are so happy that they no longer have to wear jackets outside.

We will also be exploring the concept of tying and lacing our shoes. We will continue to learn how to write our names. Thank you and we hope that you are just as excited about summer as we are!
